RESOLUTIONS
Hall of W. Temple
We are again reminded that we have no abiding place here. There is allotted to us but a short space of time in which to perform our mission in that time. We shape the mould in which is cast our record. The mould has been completed and the record cast of our sister Mrs. Edna Orth. We cherish that record and inscribe it in our hearts and hope to strive to emulate it.

To the bereaved family we extend our sincere sympathy in their irreparable loss, yet admonish them that it is a part that all must play in the great plan of life and be humbly submissive to the will of the great architect of the universe.

OBITUARY

Sarah Louise, daughter of Isaac and Rachel Fauble, was born near Delta, Ohio, May 19, 1855, where she grew to womanhood.

On January 14, 1877 she was united in marriage to George W. Fraker. They took up their residence on a farm near Swanton, Ohio, where they enjoyed the pleasures of a happy home. To this union were born three children, Mabel, now Mrs. L. E. Wiley, Frank who departed this life in early manhood and Ethel now Mrs. O. J. Seibel.

The husband and father departed this life December 14, 1895.

The devotion to her family portrayed the beautiful part of her character. She was always ready to share every burden that she might make it less painful for those she loved so dearly. One of the dearest pleasures of her later years was the companionship of her only grandchild, Fraker Wiley. The sacrifices, love and devotion should impress upon the hearts of her children and grandchildren the inspiration for the highest deeds of manhood.

For nearly a year she has been an intense sufferer, and in her passing she leaves to cherish in memory, her love, sacrifice and devotion, two daughters, one grandson, two brothers, two sisters, many relatives and friends.

Funeral services by Rev. Maurice D. Baumgardner, Toledo, Ohio.

Card of Thanks
We thank her many friends for every expression of love, sympathy, long illness and demise. We especially thank little Margaret Deck and Dorothy Lacey for the many flowers they gave during all her illness and which she so much enjoyed.

HOBART M. CABLE

Pianos. Player Pianos.

Pronounced by those competent to judge as standing absolutely without a peer.

Musically and artistically no piano excels the Hobart M. Cable, because money cannot buy better materials or employ a higher class of workmanship than enter into its construction. But the price is most reasonable because of the unsurpassed facilities for economy in manufacturing.
